Y5 ART EXHIBITION—TRAVELLING HOPEFULLY

The official opening of the Year 5 Art Exhibition at the Airspace Gallery in Hanley took place during the evening of Thursday 10th June 2010. This was an exciting event organised by Chris Lewis Jones our Creative Practitioner and staff (led by Jayne Snape and Zoe Boulton).

The event was attended by pupils, parents, governors and staff as well as our creative practitioners and agent along with members of the public and the press! Thanks to everyone involved and all who visited. The exhibition is a huge success and is testament to the pupils who have worked so hard and produced inspirational work to be proud of.

WELL DONE YEAR 5!!!!

Pupils have got talent at Clarice Cliff Primary School!!!!

Pupils have requested a talent contest along the lines of Britain's got talent.

KS2 pupils will be able to enter and they will be performing for their year group during the first 2 weeks of July. The overall winner will be chosen by all KS1 and KS2 pupils who will have the opportunity to cast their votes. Who will be taking the role of Simon, Amanda and Piers? Now that would be telling!!!! Watch this space..... Parents of finalists will be invited

SUMMER FAYRE

We are trying something different for the Summer Fayre this year.

We are going to hold it at the end of the school day from 3:30pm on Friday 9th July 2010. Please collect your children from their classrooms as normal. The Summer Fayre activities will be in the hall, community room and on the front lawn (weather permitting).

The theme for the Summer Fayre is *maths* so each class is going to organise a stall with a maths theme e.g. odd and even numbers, co-ordinates, colours etc.

We are holding a non uniform day on Friday 2nd July and would like all pupils to bring some items for the Summer Fayre.

Please come along and support the event. It will be lots of fun! Anyone who would like to help please see Sue in the office.

find “filler” articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. Microsoft Publisher offers a simple way to convert your newsletter to a Web publication. So, when you’re finished writing your newsletter, convert it to a Web site and post it.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

A great way to add useful content to your newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your customers or clients.

If the newsletter is distributed

internally, you might comment upon new procedures or improvements to the business. Sales figures or earnings will show how your business is growing.

Some newsletters include a column that is updated every issue, for instance, an advice column, a book review, a letter from the president, or an editorial. You can also profile new employees or top customers or vendors.

Selecting pictures or graphics is an important part of adding content to your newsletter.

Think about your article and ask yourself if the picture supports or enhances the message you’re trying to convey. Avoid selecting images that appear to be out of context.

Microsoft Publisher includes thou-

sands of clip art images from which you can choose and import into your newsletter. There are also several tools you can use to draw shapes and symbols.

Once you have chosen an image, place it close to the article. Be sure to place the caption of the image near the image.

This would be a good place to insert a short paragraph about your organization. It might include the purpose of the organization, its mission, founding date, and a brief history. You could also include a brief list of the types of products, services, or programs your organization offers, the geographic area covered (for example, western U.S. or European markets), and a profile of the types of customers or members served.

It would also be useful to include a contact name for readers who want more information about the organization.

If your newsletter is folded and mailed, this story will appear on the back. So, it's a good idea to make it easy to read at a glance.

A question and answer session is a good way to quickly capture the attention of readers. You can either compile questions that you've received since the last edition or you can summarize some generic questions that are frequently asked about your organization.

A listing of names and titles of managers in your organization is a good way to give your newsletter a personal touch. If your organization is small, you may want to list the names of all employees.

If you have any prices of standard products or services, you can include a listing of those here. You

may want to refer your readers to any other forms of communication that you've created for your organization.

You can also use this space to remind readers to mark their calendars for a regular event, such as a breakfast meeting for vendors every third Tuesday of the month, or a biannual charity auction.
