

Clarice Cliff Primary School

# KEEP OUR CHILDREN SAFE!!

Following a near-miss incident last week we are currently monitoring the use of car parks at our school.

Please note the following:

- Please park responsibly
- Please use the car park only if you have a very good reason to do so and if there is a designated space.
- Please do not park on the pavements or pedestrian crossings as this restricts those on foot and puts them at risk.
- Please do not double park.
- Please do not annoy local residents by parking over their drives and restricting access.
- Please make sure that where you park does not restrict access for emergency vehicles.

*If the situation does not improve quickly we will be closing car parks at the school at busy times.*
